

Ocean Power Technologies Completes New WAM-V for Immediate Delivery to Latin America

September 9, 2024

Contractual Milestone Triggers Over \$0.3M Revenue Recognition

MONROE TOWNSHIP, N.J., Sept. 09, 2024 (GLOBE NEWSWIRE) -- Ocean Power Technologies, Inc. (NYSE American: OPTT) ("OPT" or the "Company"), a leader in innovative and cost-effective low-carbon marine power, data, and service solutions, today announced it has achieved a major contractual milestone and completed the build of a new unmanned surface vehicle for delivery to a survey customer in Latin America. This delivery is part of the Company's previously announced expansion into the region, working with end customers and resellers. This milestone triggers revenue recognition of the fully integrated system, including survey equipment.

Philipp Stratmann, CEO and President of OPT, expressed his enthusiasm about this milestone, stating, "We believe that the delivery of this vehicle is testament to the execution ability of our team and our ability to deliver fully integrated systems, including survey equipment from our OEM partners. We continue to convert pipeline to backlog to revenues to payments. We look forward to future deliveries and additional opportunities to deploy our assets in Latin America."

For additional information about OPT and its services, please visit our website Ocean Power Technologies.

ABOUT OCEAN POWER TECHNOLOGIES

OPT provides intelligent maritime solutions and services that enable safer, cleaner, and more productive ocean operations for the defense and security, oil and gas, science and research, and offshore wind markets, including Merrows™, which provides AI capable seamless integration of Maritime Domain Awareness Systems across platforms. Our PowerBuoy® platforms provide clean and reliable electric power and real-time data communications for remote maritime and subsea applications. We also provide WAM-√® autonomous surface vessels (ASVs) and marine robotics services. The Company's headquarters is in Monroe Township, New Jersey, with an additional office in Richmond, California. FORWARD-LOOKING STATEMENTS

This release may contain forward-looking statements that are within the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Forward-looking statements are identified by certain words or phrases such as "may", "will", "aim", "will likely result", "believe", "expect", "will continue", "anticipate", "estimate", "intend", "plan", "contemplate", "seek to", "future", "objective", "goal", "project", "should", "will pursue" and similar expressions or variations of such expressions. These forward-looking statements reflect the Company's current expectations about its future plans and performance. These forward-looking statements rely on a number of assumptions and estimates that could be inaccurate and subject to risks and uncertainties, including the continuing success in Latin America, the delivery of customer services, the conversion of potential customers to contracts and the realization of the potential revenue thereunder. Actual results could vary materially from those anticipated or expressed in any forward-looking statement made by the Company. Please refer to the Company's most recent Forms 10-Q and 10-K and subsequent filings with the U.S. Securities and Exchange Commission for further discussion of these risks and uncertainties. The Company disclaims any obligation or intent to update the forward-looking statements in order to reflect events or circumstances after the date of this release.
